

Lake Orion Baptist School * 255 East Scripps Road * Lake Orion, Michigan 48360

March 13, 2020

Dear Parents at Lake Orion Baptist School,

Lake Orion Baptist School will follow the direction given by Governor Whitmer regarding the cancellation of all classes and school activities beginning Monday, March 16 and ending on Friday, April 3. At this time, we anticipate convening classes again on Monday morning, April 6, 2020. Obviously, additional directives may be given and our situation may change, but this is our plan for the next three weeks.

We have had brief discussions with the faculty regarding our school's ability to provide students with educational material in advance or via distance learning platforms which could be completed during this extended break, but we need to give additional consideration to what that might look like. Some teachers may be able to send home materials and handouts with their students today, but other teachers are not able to coordinate materials so quickly. We will do our best to determine our best plan of action, and communicate it to you by early next week. I recommended to them in chapel today that secondary students take home textbooks and workbooks today so that they have the necessary materials when teachers communicate assignments, etc.

We would like students who have missed tests or quizzes over the last few days to plan to come in to school one day early next week to complete those tests/quizzes. We do not think it wise to wait until early April to make up tests. So, if parents could contact me via email when the students would like to come in and complete the work, I will make sure the building is open. We would like to take care of this make up work by next Wednesday, March 18.

Thank you for your consideration of these important matters.

Sincerely,
Pastor Tony Bryson Administrator
